

Title: Of Honesty

Author: Lady LaBelle Decantor

Found foremost
within oneself,
unfolding
into our lives
entirity
comes the virtue of
Honesty.

Honesty is established
and conveyed through
the principle of
Truth. Within each
man and woman lie
desire to be true
to oneself. It is but a
choice to do
so. When the deciet
of oneself ceases, so
does Honesty then
flourish throughout
ones character.
Uphold this honesty,
speak of no lies,
commit no acts of
deciet, warrant the
trust that is placed in
you, and let the truth
of your heart speak
for you.

Candor, is a great
achievement.
